DES MOINES  
EMORY H. ENGLISH, STATE PRINTER  
1907

## REPORT.

*To His Excellency, the Honorable Albert B. Cummins, Governor of Iowa.*

DEAR SIR—In accordance with the provisions of Chapter 87, Acts of the Thirtieth General Assembly, as amended by Chapter 105, Acts of the Thirty-first General Assembly, it becomes my duty to transmit a report of the inspections, receipts and expenditures made by the Oil Inspectors during the period of July 1, 1905, to July 1, 1906, as shown by the records in this office.

Owing to the increased efficiency of the service under the revision of the law as made by the Thirtieth General Assembly, I re-affirm the statements made in my last report as to the wisdom and good judgment of the legislature in so doing, which is amply borne out by a careful study and comparison of this report with my report of 1903-1905.

As compared with the last year of my last report it will be noticed that the number of barrels of oil rejected is 64 less and the increase in amount inspected is 37,585 barrels of oil and 776 barrels of gasoline.

The increase in fees received has been \$2,825.00 which is slightly reduced by the amount of fees allowed on rebates for goods exported, leaving a net increase of fees received \$2,676.54.

Fees paid inspectors have been \$127.80 more and the inspectors and deputies and branders expenses reduced \$172.93 and \$228.45 respectively, leaving the net profit to the State \$23,862.66, a gain of \$3,000.14.

The cost of inspection to the State has been 11.09 per cent less than for the last year covered by my former report, with a corresponding per cent of increase of profit to the State in this service, the ratio being 46.4 per cent expense and 53.6 per cent profit.

All inspectors are using either mileage, interchangeable or credential transportation so far as possible. Some inspectors purchase transportation from their own funds, charging this item in their expense account to the State at two cents per mile, others charge the original cost to the State, allowing the State through the Secretary of the Executive Council to collect the rebate and cover same into the treasury in conformity with a rule established by the Executive Council under Chapter 7 Acts of the Thirtieth General Assembly, and as no report under this head is made to this department exact figures can not be given but the following statement received from the Treasurer of State will be found approximately correct, the exception being that a portion of the mileage for which rebates therein shown as granted, may have been charged in expense account prior to July 1, 1905, and, again, all of the mileage charged to expense during the period covered by this report may not have been used, for which the rebate granted will appear in the next report of the Secretary of State.

**Rebate granted on transportation for**

Thomas Chantland .....	\$ 66.38
S. W. Morgan .....	43.00
A. E. Whitney .....	82.52
Le Roy Burch .....	32.18
J. B. Currie .....	81.51
F. B. Rogers .....	80.35
L. B. Cousins .....	19.50
<b>Total .....</b>	<b>\$405.44</b>

If credited to expense account of each inspector named, their total expenses will be decreased by the respective amounts stated, and the total expense to the State under this head for the period reduced to \$4,387.78 and the net profit to the State increased in the same ratio making a grand total of \$24,268.10.

W. B. MARTIN,  
*Secretary of State.*

**NAME AND POSTOFFICE ADDRESS OF INSPECTORS.**
